

## PIONEER OF MODERN VISCOELASTICS

### What's new after ESCRS: Fresh brochures & more insights

This years ESCRS was a great success: inspiring conversations, valuable connections, and positive feedback. As a highlight, we introduced our newly designed boxes and updated marketing materials – featuring a modern look, clear structure, and practical application recommendations for added value.

### DISCOVER OUR NEW OPHTHALMOLOGY BROSCHURES

The new ophthalmology overview brochure showcases our complete **ophthalmic product portfolio** along with a concise **introduction to the company** and its business fields.

[Ophthalmology Brochure](#)

The newly developed product brochures highlight: a **modern packaging design** that ensures clarity and recognition, **practical application recommendations**, key marketing aspects, and the **unique benefits** of our products.

👉 Please note: the previous materials remain valid and available. Our RA and Sales teams will keep you up to date and provide timely information on all changes.

### Future transition – planned for mid 2026:

Our new box design makes it easier to distinguish between product groups and concentrations, simplifying workflows both in the warehouse and in the OR.
